Transaction Summary KPIs

of Sales Transactions

Interface for generating a Transaction Summary report. The "Date Ranges" dropdown is set to "Last Month". The "Start Date" is Nov-01-2025 12:00:00 am and the "End Date" is Nov-30-2025 11:59:59 pm. The "Store" is Pawn Plus and the "Employees" dropdown is set to "-- Select --". The "Get Report" button is highlighted. Under "Transaction Type", "Retail Sales" and "Layaways" are selected with checkboxes.

In Pawnmates, click on the Reports tab. Select the "Transaction Summary" Report.

Set the Date Ranges to "Last Month". Under "Transaction Type", select "Retail Sales" and "Layaways". Then click "Get Report".

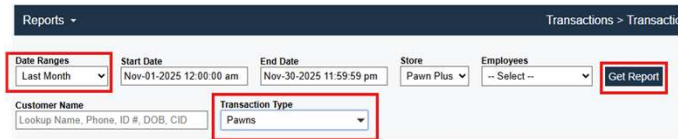

Pawnmates will generate both an XLS report and a PDF. This guide uses the PDF version.

Retail Sales									
Date	Time	Ticket	Eme	Customer	Description	Amount	Tax	Received/Paid	Paid By
Retail Sales Totals					Count: 0	\$0.00	\$0.00	\$0.00	
Payments: Layaways									
Date	Time	Ticket	Eme	Customer	Description	Amount	Tax	Received/Paid	Paid By
Payments: Layaways Totals					Count: 0	\$0.00		\$0.00	

In the generated PDF file, you will get a count of layaway transactions and a count of Retail Transactions. Add these together for "Sales Transactions".

Buy, Pawn, and Retail Customers Part 1

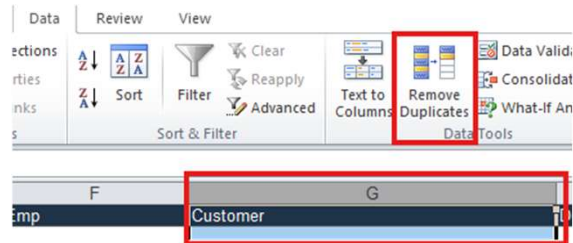

Step 1. Set "Date Ranges" to "Last Month". For "Transaction Type", select Pawns, Renewals, and Redemptions. Then click "Get Report".

The screenshot shows a 'Reports' window with the following fields: 'Date Ranges' set to 'Last Month', 'Start Date' as 'Nov-01-2025 12:00:00 am', 'End Date' as 'Nov-30-2025 11:59:59 pm', 'Store' as 'Pawn Plus', and 'Employees' as '-- Select --'. The 'Transaction Type' dropdown is set to 'Pawns'. A 'Get Report' button is visible on the right.

Step 2. Select Report.xls. This will open Excel

Step 3. Highlight Column G, then click the "Data" tab and select "Remove Duplicates". Select continue with the current selection (bottom option)

Buy, Pawn, and Retail Customers Part 2

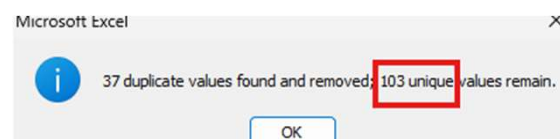

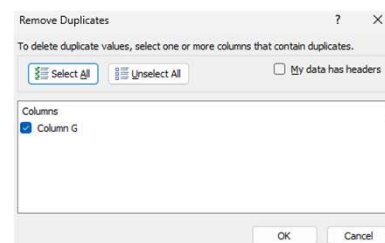

Step 4. Confirm Column G is selected, then click OK.

Step 6. The returned number of unique values is your number of pawn customers in the past 30 days.

Step 7. Repeat steps 1-6 for Buy and Retail Customers. For Retail customers, ensure both "Retail Sales" and "Layaways" are selected under transaction type.

For Unique Customers in Past 30 days, set the transaction type to "Show All" and repeat steps 2-6.

For Unique Customers in the past 365 days, set the date range to "Last 365 Days" and repeat steps 2-6.

New Customers

In the “Customers” report, set “Date Ranges” to “Last Month”. Set “Date Type” to “Created Date”.

For “Created Source” select “In-Store”. Click Search.

Scroll to the bottom of the page. The number listed next to “Total” is the number of new customers to your store in the month.

Date Ranges Last Month	Date Type Created Date	Start Date Dec-01-2025	End Date Dec-31-2025	Customer Name Lookup Name, Phone, ID #, DOB, CID	or	Filter
Customer Type Individual	Created Source In-Store	Status -- Select --	Referral -- Select --	Group -- Select --	Store -- Select	
Interest Template -- Select --	Preferred Language -- Select --	List Type -- Select --	Employee Pin	Search	Import Customers

Search

Advanced Filters

All -- Select --

Scrap Bin -- Select --

Consignment No

Inventory Age (Days)
0 To 90

Step 4. Click to expand "Show Category Breakdown & Statistics"

Cost Of Goods - Selling Price

+ Show Inventory Category Breakdown & Statistics

Aged Inventory

Step 5. In the report generated look at the bottom under "Cost". This will be the total amount for the age range. Under "count" will be the total number of inventory items in that age range.

Step 6. Repeat steps 3 thru 5 for each other age range. For the final range, 365+, it is recommended the range be 366 to 9999.

Step 7. For the specific categories on the submission form, you will be provided which of the Pawnmate categories will be included for each. You will need to add them together from this generated report.
